

Phrasal Verb Carry

Summary of the video lesson. Learn more on Powerinsight.ru!

We'll begin the verb to carry, it should not cause any difficulties, since it has only three main phrases.

The most popular phrase composed with this verb is **carry on**.

If someone stops you and then asks you to continue, they will do it using **carry on**:

"Your face looks like it wants to **carry on** speaking".

If someone asks you what you are doing while you are working, you can respond with the phrase **carry out**:

"This group will **carry out** two main functions".

If your work has affected something or it can be transferred to something, then this action can be described as **carry over**:

"From this perspective, we need to **carry over** the great momentum of this year into the next".
